

SALT LAKE DAILY HERALD.

OGDEN DEPARTMENT.

The branch office of THE HERALD is in Reed & Snyder's iron building on Washington avenue, adjoining Boyle & Co.'s furniture store. Advertising rates will be made known upon application to the manager.

THE DAILY HERALD is for sale at all news stands and by all news boys, and is delivered by carrier in Ogden for 25 cents per week. No papers stopped until arrears are paid. Subscribers failing to receive papers promptly will confer a favor by notifying the branch office. Parties desiring papers stopped or addresses changed must notify the branch office.

E. A. LITTLEFIELD, Manager.

WEDNESDAY - January 15, 1890.

The City in Brief.

The motor line makes regular trips, but it is hard work to keep the track clear of snow.

Union lodge No. 6, I. O. O. F., will install its officers at the regular meeting to-night.

It is understood that the Pacific Short Line will come down the Weber instead of the Ogden cañon.

A great many people are stopped in town by the storm. They prefer to remain here to taking chances on getting over the railroads.

S. H. Cave was in the city yesterday. He will occupy the first floor of the Cortez block, as soon as it can be got ready, with a stock of wines, liquors, etc., and will do a wholesale and jobbing trade.

The free lunch counters in the saloons are well patronized nowadays. There are scores of wayfarers in our midst who are down to bedrock and unable to move out in search of work, and all these men have to eat.

Governor Thomas' recommendations in regard to the preservation of our food fish and the punishment of offenders against the game laws, are good. More stringent laws should be passed and their enforcement made easy.

Orders for THE HERALD, which will contain full reports of the proceedings of the Legislative Assembly, may be left at the branch office on Washington avenue, and will receive careful attention. Enter complaints of non-delivery of papers or negligence of carriers.

Old timers say that the depth of snow now on the ground hereabouts has not been exceeded since 1855. It is fortunate that there have been no high winds to drift the snow, otherwise it would have been almost impossible to get through the country over the main thoroughfares.

The Sioux City Tribune says: "The greatest railroad project for several years is the line from Sioux City to Ogden. Sioux City people have invested \$500,000 and New York parties \$1,000,000 in the enterprise, and its financial standing is solid. It is actually shorter by 169 miles than any other route between Chicago and San Francisco, but adding to this the difference in gradients, makes it really 225 miles shorter than any other route."

The utmost harmony, good feeling and enthusiasm prevailed in the annual chamber of commerce meeting Monday night. Twenty-six new members were taken in before the election of directors took place. The room in which the meeting was held was filled to its fullest capacity. The secretary's report showed that the chamber of commerce have done a great deal of good work for Ogden during the year just past. The new board of directors is composed of live, active business men, and it is almost a sure thing that there will be a quorum present at every meeting during the present year.

Yesterday afternoon one McLoughlin went into a saloon on Twenty-fourth street, where he filled upon bad whisky and prepared to clean out the place. Tom Flery ordered him out, but he would not go. Tom got a club and used it to convince McLoughlin that he ought to be quiet. McLoughlin received a severe cut on the head, which severed the temporal artery. Both McLoughlin and Flery were arrested by Policeman Studie. Dr. Powers dressed McLoughlin's wounds, and at last accounts he was all O. K. His wound was very dangerous had not medical aid been summoned immediately.

Selectman Pincock was instructed to have a bridge built over Broom creek, in the Marriott road district.
